

## HERITAGE

The northeastern counties of North Carolina: Camden, Chowan, Currituck, Dare, Gates, Pasquotank and Perquimans are part of the original Albemarle County which was the first organized and settled area of the Carolinas.

The area is so rich in history that our past is one of our greatest resources. We have more than 300 years of history with much more yet to be uncovered.

## PURPOSE

The Family Research Society of Northeastern North Carolina is a non-profit organization whose purpose is to collect, research, preserve and exchange genealogical and historical information in the counties of Camden, Chowan, Currituck, Dare, Gates, Pasquotank and Perquimans.
